DETAILED ACTION

1. Claims 1 and 2 are pending.

Claim Rejections - 35 USC § 103

2. Claims 1 and 2 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bedell et al., US 6,622,128, and Official Notice.

Applicant is directed towards paragraphs 2 and 3 from the previous Office Action mailed February 4, 2005 regarding Bedell and Official Notice.

Applicant's August 3, 2005 REMARKS have been reviewed, but are not convincing. Applicant's REMARKS directed towards the present invention being automated are noted. However, no automation is recited from the claim language. Thus, no automation need occur. Thus, Bedell is responsive to Applicant's claimed invention.

Applicant has not traversed the Official Notice findings as stated in the February 4, 2005 Office Action. Adequate traversal is a two step process. First, Applicant must state their traversal on the record. Second, and in accordance with 37 C.F.R. § 1.111(b) which requires Applicant to specifically point out the supposed errors in the Office Action, Applicant must state why the Office Action statements are not to be considered common knowledge or well known in the art.

In this application, Applicant has clearly not met step (1) as no traversal of Official Notice has been taken. Merely disagreeing with the analysis does not rise to the

level of traversal. Second, Applicant has failed step (2) since they have failed to argue why the Official Notice statements are not to be considered common knowledge or well known in the art. Because Applicant's traversal is inadequate, the Official Notice, e.g. common knowledge, statements are taken to be admitted as prior art. See, MPEP § 2144.03.

3. Further pertinent references of interest are noted on the attached PTO-892.

Conclusion

4. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
